Chapter 4: Appendix 4. Staff interview questions

1. What has your involvement been in the process of enhancing this unit of study? Did you feel there was sufficient communication between your team, UniServe Science and Agriculture? Do you believe you had sufficient opportunity for input?

2. Were you involved in advising/designing/evaluating specific content areas? What was your involvement in the design/implementation of the ChemCAL modules, the WebCT site and the WebCT link to the ChemCAL modules?

3. Who else in Chemistry was aware of this project? Were they kept informed? Did they have input, and if so, what?

(Additional interviews that did not have preset questions were also conducted with Agriculture.)
