Chapter 5: Appendix 5. Staff interview questions

1. What has your involvement been in the process of this innovation? Did you feel there was sufficient communication between your team, UniServe Science and Engineering? Do you believe you had sufficient opportunity for input?

2. Were you involved in advising/designing/evaluating specific content areas? What was your involvement in the design/implementation of the web sites?

3. Who else in Mathematics was aware of this project? Were they kept informed? Did they have input, and if so, what?
